The idea behind the BAND collection is the breakdown of structure. An object designed using an ensemble of pieces. The chair's design intentionally challenges the classic sophisticated lines of furniture design and becomes something schematic, a conceptual programme.

A structure made up of repetitive angular shapes that give centre stage to its raw materials, and can be formed entirely of aluminium or teak wood, and of Terrain Fabrics.

Maintenance

Clean with mild soap using a sponge or cloth. Be gentle during the cleaning process; avoid aggressive scrubbing of the fabric. After cleaning, ensure you remove any excess soap.

For stubborn stains, use diluted household bleach. Act promptly to clean stains; the longer they linger, the more challenging they become to remove.

After cleaning, steam iron the fabric using only steam. Be cautious not to place the iron directly on the fabric, as it may cause damage.
